Christy Choices Of The Heart:

Christy Catherine Marshall,2017-10-03 The train taking nineteen year old teacher Christy Huddleston from her home in Asheville North Carolina might as well be transporting her to another world The Smoky Mountain community of Cutter Gap feels suspended in time trapped by poverty superstitions and century old traditions But as Christy struggles to find acceptance in her new home some see her and her one room school as a threat to their way of life Her faith is challenged and her heart is torn between two strong men with conflicting views about how to care for the families of the Cove Yearning to make a difference will Christy s determination and devotion be enough *Anti-Diet* Christy Harrison,2019-12-24 Reclaim your time money health and happiness from our toxic diet culture with groundbreaking strategies from a registered dietitian journalist and host of the Food Psych podcast 68 percent of Americans have dieted at some point in their lives But upwards of 90% of people who intentionally lose weight gain it back within five years And as many as 66% of people who embark on weight loss efforts end up gaining more weight than they lost If dieting is so clearly ineffective why are we so obsessed with it The culprit is diet culture a system of beliefs that equates thinness to health and moral virtue promotes weight loss as a means of attaining higher status and demonizes certain ways of eating while elevating others It s sexist racist and classist yet this way of thinking about food and bodies is so embedded in the fabric of our society that it can be hard to recognize It masquerades as health wellness and fitness and for some it is all consuming In *Anti Diet* Christy Harrison takes on diet culture and the multi billion dollar industries that profit from it exposing all the ways it robs people of their time money health and happiness It will turn what you think you know about health and wellness upside down as Harrison explores the history of diet culture how it s infiltrated the health and wellness world how to recognize it in all its sneaky forms and how letting go of efforts to lose weight or eat perfectly actually helps to improve people s health no matter their size Drawing on scientific research personal experience and stories from patients and colleagues *Anti Diet* provides a radical alternative to diet culture and helps readers reclaim their bodies minds and lives so they can focus on the things that truly matter **Dear Appalachia** Emily Satterwhite,2011-10-01 Much criticism has been directed at negative stereotypes of Appalachia perpetuated by movies television shows and news media Books on the other hand often draw enthusiastic praise for their celebration of the simplicity and authenticity of the Appalachian region *Dear Appalachia* Readers Identity and Popular Fiction since 1878 employs the innovative new strategy of examining fan mail reviews and readers geographic affiliations to understand how readers have imagined the region and what purposes these imagined geographies have served for them As Emily Satterwhite traces the changing visions of Appalachia across the decades from the Gilded Age 1865 1895 to the present she finds that every generation has produced an audience hungry for a romantic version of Appalachia According to Satterwhite best selling fiction has portrayed Appalachia as a distinctive place apart from the mainstream United States has offered cosmopolitan white readers a sense of identity and community and has engendered feelings of national and cultural

pride Thanks in part to readers faith in authors as authentic representatives of the regions they write about Satterwhite argues regional fiction often plays a role in creating and affirming regional identity By mapping the geographic locations of fans Dear Appalachia demonstrates that mobile white readers in particular including regional elites have idealized Appalachia as rooted static and protected from commercial society in order to reassure themselves that there remains an authentic America untouched by global currents Investigating texts such as John Fox Jr s The Trail of the Lonesome Pine 1908 Harriette Arnow s The Dollmaker 1954 James Dickey s Deliverance 1970 and Charles Frazier s Cold Mountain 1997 Dear Appalachia moves beyond traditional studies of regional fiction to document the functions of these narratives in the lives of readers revealing not only what people have thought about Appalachia but why
